WORKS WITH

Contact ecobee for full integration list.

WARRANTY

5 year pro warranty with professional purchase and installation. Compared to 3 year standard warranty.

COMPATIBLE

Works with gas, oil, electric, and dual fuel systems. Supports conventional (2H/2C) and heat pump (4H/2C) systems with accessories.* *humidifier, dehumidifier, ventilator, HRV, or ERV accessories. ecobee4 Pro only.

RELIABLE

ecobee thermostats are hardwired, they won't recharge or steal power to ensure customers are not left in the cold.

SIMPLE TO INSTALL

Everything you need to install ecobee thermostats is in the box, including a Power Extender Kit to replace the common (c) wire if missing. Also comes with an install guide, wire labels, back-plate, trim plate, and screws.

CONTROL FROM ANYWHERE, ANYTIME

Customers can control their ecobee from anywhere with an Android or iOS device, including Apple Watch.

ROOM SENSORS

Works with up to 32 room sensors that help detect hot or cold spots. Room sensors have three Smart Features: Smart Home, Smart Away, and Follow Me.

VOICE

ecobee4 comes with built-in Amazon Alexa Voice Service so you can ask your smart thermostat to set a timer, read the news, even set the temperature using your voice.

SAVES UP TO 23% ANNUALLY

Saves up to 23%* annually on heating and cooling costs by keeping energy use low when no one is home. ENERGY STAR® certified. *Learn more at www.ecobee.com/savings

QUALIFIES FOR REBATES+

- Cool Cash/Bryant Bonus* (*Must be an Airefco Marketing Partner)
- Energy Star
- Portland General Electric
- Puget Sound Energy

+Learn more about local utility rebates at www.ecobee.com/rebates/
