

BRYANT ACADEMY

Business Development - 2 day course
BDR JOURNEY

Duct Design for Profit & Efficiency presented by BDR

CLASS DESCRIPTION

Duct Design for Profit & Efficiency teaches those involved in the process proper duct design from a profit viewpoint so they can design better systems that install faster and generate referrals. Dealers will learn how to correctly design a residential duct system using ACCA's Manual D while saving money and labor. Attendees will develop templates and shortcuts to correctly design systems in half the time. With their new knowledge, dealers will be able to improve the quality of their installations, generate higher levels of customer satisfaction and drive more referral leads. Improve the quality of your installations while reducing your time investment by taking advantage of the ideas and templates this course has to offer.

Topics for this course include:

- Proper duct design using ACCA's Manual D.
- Labor reduction ideas and processes.
- System design efficiency ideas.
- Money and time saving templates.
- Airflow standards and sizing.

INSTRUCTOR

Candy Cunningham

Client Relationship Specialist

Candy Cunningham is BDR's Client Relationship Specialist. She is BDR's primary contact person for our distribution training sales channel and provides ongoing resources to BDR's distribution partners to help them host successful classes that drive their business forward.

Candy has a deep background in distribution sales and territory management. In 1994, Candy became a Sales Support Specialist for an HVAC distributor in Iowa and Nebraska. In this role she became more involved with marketing plans, job quoting, annual dealer meetings, dealer recruitment and overall territory sales support. The Sales Support Specialist position then lead her into her own territory as a Territory Manager in 2001.

As a Territory Manager, Candy was recognized in the Top 10 of national distribution sales three different times. Her first assigned territory grew from \$2m to just under \$6m in just 5 years.
